Mesyuarat Khas Jawatankuasa Pengurusan
Pada 15 Mac 2024 (Jumaat) Jam 3:00 Petang,
Bertempat di Bilik Persidangan, Pusat Pengajaian Teknologi Industri

Hadir :	Profesor Madya Dr. Mardiana Idayu Ahmad	- Pengerusi
	Profesor Madya Dr. Japareng Lalung	
	Profesor Madya Dr. Uthumporn Utra @ Sapina Abdullah	
	Profesor Madya Dr. Yusri Yusup	
	Ts. Dr. Azniwati Abd. Aziz	
	Dr. Mohamad Hafizi Abu Bakar	
	Ts Dr. Nurul Fazita Mohammad Rawi	
	Puan Nooraida Mad Naser	
	Puan Rasslene Rass Rasalingam	- Setiausaha

Pengerusi memulakan mesyuarat dengan bacaan Al-Fatihah dan memberi salam serta mengalu-alukan kehadiran semua ahli mesyuarat.

MINIT 1 : CADANGAN PENCALONAN PENILAI LUAR PROGRAM PASCA SISWAZAH

Timbalan Dekan Penyelidikan, Inovasi Dan Libatsama Industri-Komuniti, Profesor Madya Dr. Japareng Lalung membentangkan senarai cadangan pencalonan penilai luar program pasca siswazah kepada semua ahli mesyuarat.

Justifikasi pelantikan adalah seperti berikut:

- Bagi keenam-enam program di atas belum pernah ada lantikan penilai luar program.
- Penambahbaikan laporan audit swa program masing-masing.
- Disebabkan tiada lantikan penilai luar maka program tidak mematuhi salah satu kategori iaitu tiada laporan penilai luar program.
- Dilantik bagi menyemak dan menilai program pasca siswazah dan penyelidikan berdasarkan kepakaran bidang masing-masing seperti di **Lampiran A**.

Berikut adalah cadangan pencalonan senarai penilai luar program pasca siswazah:

Bil	Nama Calon Penilai Luar Program	Emel	Telefon	Program
1	Prof. Dr. Chia Chin Hua Faculty of Science and Technology, Universiti Kebangsaan Malaysia	chia@ukm.edu.my chiachinhua@yahoo.com	60123986933	Sarjana Sains (Teknologi Biosumber, Kertas dan Penglitup) CV dan justifikasi dirujuk pada **Lampiran B**.

				Bidang Kepakaran: *Material Science* Tarikh Pembentangan/ Makluman Bahagian: 22 Februari 2024
2	Prof. Dr. Chia Chin Hua Faculty of Science and Technology, Universiti Kebangsaan Malaysia	chia@ukm.edu.my chiachinhua@yahoo.com ukm.edu.my	60123986 933	Sarjana Sains (Teknologi Polimer) CV dan justifikasi dirujuk pada **Lampiran B**. Bidang Kepakaran: *Material Science* Tarikh Pembentangan/ Makluman Bahagian: 22 Februari 2024
3	Prof Ts. Dr. Wan Aida Wan Mustapha Jabatan Sains Makanan Universiti Kebangsaan Malaysia	wanaidawm@ukm.edu.my	60133651870	Sarjana Sains (Teknologi Makanan) CV dan justifikasi dirujuk pada **Lampiran C**. Bidang Kepakaran: *Food Science* Tarikh Pembentangan/ Makluman Bahagian: 15 Mac 2024
4	Prof. Dr. Ling Tau Chuan Institute of Biological Sciences, Faculty of Science, Universiti Malaya	tcling@um.edu.my	60379674104	Sarjana Sains (Teknologi Bioproses) CV dan justifikasi dirujuk pada **Lampiran D**. Bidang Kepakaran: *Bioprocess Engineering and Food Biotechnology* Tarikh Pembentangan/ Makluman Bahagian: 20 Februari 2024

Setelah meneliti semua CV dan justifikasi calon, fungsi dan peranan penilai luar program, semua ahli mesyuarat bersetuju dengan pencalonan seperti disenaraikan dalam jadual di atas. Semua ahli mesyuarat juga bersetuju bahawa senarai ini dibentang untuk perakuan kelulusan mesyuarat Majlis pada 19 Mac 2024.

Selain itu, semua ahli mesyuarat mencadangkan pencarian calon baharu bagi program Sarjana Sains (Teknologi Persekitaran) dan Doktor Falsafah seperti berikut:

Bil	Nama Calon Penilai Luar Program	Emel	Telefon	Program
5	Prof. Ts. Dr. Ahmad Naim Ahmad Yahaya Institute of Postgraduate Studies Universiti Kuala Lumpur 1016 Jalan Sultan Ismail 50250 Kuala Lumpur	ahmadnaim@unikl .edu.my	60321754000 Ext 4097 60192502768	Sarjana Sains (Teknologi Persekitaran) CV dan justifikasi dirujuk pada **Lampiran E**. Bidang Kepakaran: Kejuruteraan Kimia Tarikh Pembentangan/ Makluman Bahagian: 21 Februari 2024
6	Professor Ir Denny Ng Kok Sum School of Engineering and Technology, Sunway University Malaysia, No. 5, Jalan Universiti, Bandar Sunway,47500 Selangor Darul Ehsan	dennyng@sunway .edu.my	60374918622 Ext:7131 60126782663	Doktor Falsafah CV dan justifikasi dirujuk pada **Lampiran F**. Tarikh Pembentangan/ Makluman Bahagian: 15 Mac 2024

Pengerusi Rancangan Teknologi Persekitaran, Prof Madya Dr. Yusri Yusup dan Timbalan Dekan Penyelidikan, Inovasi Dan Libatsama Industri-Komuniti, Profesor Madya Dr. Japareng Lalung perlu kongsikan CV dan justifikasi pencalonan baharu kepada semua ahli mesyuarat secara edaran bagi mendapatkan persetujuan ahli mesyuarat.

Untuk Tindakan PR, TDR & TP

MINIT 2 : HAL-HAL LAIN

Tiada.

Mesyuarat ditangguhkan pada jam 3:44 petang dengan ucapan terima kasih daripada Pengerusi kepada semua yang hadir.

Disemak dan disahkan:-

PROFESOR MADYA DR. MARDIANA IDAYU AHMAD
Dekan

FUNGSI DAN PERANAN PENILAI LUAR PROGRAM, PENASIHAT LUAR, PEMERIKSA LUAR KLINIKAL DAN PEMERIKSA LUAR TESIS **LAMPIRAN A**

PERKARA	Penilai Luar Program	Penasihat Luar	Pemeriksa Luar Klinikal	Pemeriksa Luar Tesis
Peringkat Pengajian	Diploma, Sarjana Muda dan Ijazah Tinggi	Diploma, Sarjana Muda dan Ijazah Tinggi	Sarjana Muda dan Ijazah Tinggi (Pergigian, Perubatan & Kejururawatan)	Ijazah Tinggi
Fungsi dan Peranan	*Memastikan program di USM* ***mengamalkan dan mencapai standard akademik*** *bagi kursus berdasarkan standard yang telah ditetapkan.* ***Menyemak dan menilai contoh kertas soalan dan skrip jawapan*** *dan* ***memastikan bahawa standard yang ditentukan oleh Pemeriksa Dalam adalah selaras dengan amalan baik dalam bidang atau keperluan standard program atau keperluan badan profesional (jika berkenaan).*** *Menentukan keseragaman penilaian skrip jawapan calon yang* ***mempunyai taraf yang sama oleh Pemeriksa Dalam.*** ***Menyemak/memeriksa kerja kursus*** *dalam pencapaian hasil pembelajaran program.* ***Menyemak/memeriksa projek penyelidikan dan disertasi pelajar*** *(jika berkenaan) adalah bersesuaian dengan tahap pengajian.* ***Membuat lawatan ke Universiti (sebaiknya semasa peperiksaan dilangsungkan)*** *untuk mengetahui*	**Menasihati Pusat Pengajian** berkenaan perkara **berkaitan dengan struktur dan isi kandungan rancangan prasiswazah, pasca siswazah dan penyelidikan serta pentadbiran yang berkaitan dengan bidang yang beliau dilantik**. **Mengadakan seminar/ perjumpaan** dengan staf akademik/pelajar. Mengemukakan laporan penilaian kepada Dekan.	**Membuat lawatan ke Universiti semasa peperiksaan berjalan.** **Menyemak dan menilai kertas- kertas soalan yang disediakan oleh Pemeriksa Dalam** **Memeriksa komponen peperiksaan klinikal/ *viva-voce* / praktikal.** **Memberi cadangan penambahbaikan kepada program di USM** **Mengemukakan laporan penilaian** dan dihantar kepada Dekan.	**Memeriksa komponen tesis, lisan atau *viva voce*** di mana perlu. Pemeriksaan disertasi/ projek penyelidikan bagi program mod campuran Pelantikan yang diluluskan akan dimasukkan dan digabungkan bersekali dalam 'pool' sedia ada pemeriksa luar pemeriksaan tesis secara mod penyelidikan Senat Ke-234, 30/7/2015

PERKARA	Penilai Luar Program	Penasihat Luar	Pemeriksa Luar Klinikal	Pemeriksa Luar Tesis
	tugas-tugas yang dikendalikan oleh pusat pengajian, kemudahan fizikal yang sedia ada dan melibatkan diri dalam aktiviti-aktiviti bersangkutan dengan peperiksaan. ***Memberi cadangan penambahbaikan kepada program di USM.*** ***Mengemukakan laporan penilaian*** *dan dihantar kepada Naib Canselor.*			

PERKARA	Penilai Luar Program	Penasihat Luar	Pemeriksa Luar Klinikal	Pemeriksa Luar Tesis
Kriteria	Seseorang yang dilantik mestilah merupakan seorang **ahli akademik** yang masih dalam perkhidmatan dari sesebuah universiti/ Institusi/ agensi pendidikan yang mempunyai kelayakan/ kepakaran dan/ atau pengalaman dalam bidang program yang ingin dinilai dan **dapat membuat penilaian secara bebas** dan objektif tanpa dipengaruhi oleh pendapat dan prasangka sendiri atau orang lain. • Individu yang bukan dari sesebuah universiti/institusi/ agensi pendidikan yang ada pengetahuan/kepakaran/ pengalaman juga boleh dipertimbangkan bagi tujuan pengiktirafan program. • Hanya untuk program yang khusus sahaja. PTJ perlu berikan justifikasi	Seseorang yang dilantik mestilah merupakan seorang ahli akademik/ penyelidik dari sesebuah universiti/ Institusi/ agensi pendidikan yang merupakan pakar dalam bidang pengkhususannya. **ATAU** Bekas tenaga pengajar USM yang tidak terlibat dalam pengajaran pelajar semasa boleh dilantik sebagai penasihat luar melainkan mereka yang telah terlibat dalam pembentukan kurikulum pusat pengajian berkenaan. **ATAU** Bagi program-program Ikhtisas, penasihat luar yang dicalonkan oleh badan Iktisas bagi program ikhtisas berkenaan, terdiri daripada pengamal (practitioner) dalam bidang tertentu bagi tujuan pengiktirafan dan pendaftaran graduan.	Seseorang yang dilantik mestilah merupakan seorang ahli akademik yang masih dalam perkhidmatan dari sesebuah universiti/ Institusi/ agensi pendidikan yang mempunyai kelayakan/ kepakaran dan/ atau pengalaman dalam bidang perubatan/pergigian/ kesihatan yang ingin dinilai dan dapat membuat penilaian secara bebas dan objektif tanpa dipengaruhi oleh pendapat dan prasangka sendiri atau orang lain. **ATAU** Individu yang bukan dari sesebuah universiti/institusi/ agensi pendidikan yang ada pengetahuan/kepakaran/ pengalaman dalam bidang ikhtisas/klinikal juga boleh dipertimbangkan bagi tujuan pengiktirafan program.	Ikut kriteria yang ditetapkan oleh Senat Universiti.

PERKARA	Penilai Luar Program	Penasihat Luar	Pemeriksa Luar Klinikal	Pemeriksa Luar Tesis
Pertimbangan kelulusan & pelantikan	Calon dikenal pasti Pusat Pengajian dan perlu dibentangkan untuk perakuan Mesyuarat Majlis Pusat Pengajian berkenaan Perakuan Majlis akan dibentangkan ke JPA/MPSU untuk kelulusan. BPA/IPS akan menguruskan surat pelantikan Penilai Luar. Perlu perbincangan lanjut mengenai proses kerja ini diantara IPS, BPA dan BAA.	Dicadangkan oleh Pengerusi Rancangan/ Program di Pusat Pengajian. Cadangan calon dibentangkan untuk kelulusan Majlis Pusat Pengajian berkenaan. Dilantik oleh Pusat Pengajian/ Pusat. Pelantikan ini dikemukakan kepada JPA/MPSU sebagai kelulusan.	Calon dikenal pasti Pusat Pengajian dan perlu dibentangkan untuk perakuan Mesyuarat Majlis Pusat Pengajian berkenaan Perakuan Majlis akan dibentangkan ke JPA/MPSU untuk kelulusan. BPA/IPS akan menguruskan surat pelantikan Pemeriksa Luar Klinikal	Calon dikenal pasti Pusat Pengajian dan perlu dibentangkan untuk perakuan Mesyuarat Majlis Pusat Pengajian berkenaan Perakuan Majlis akan dibentangkan ke MPSU untuk kelulusan. IPS akan menguruskan surat pelantikan Pemeriksa Luar Tesis.
Skop Penglibatan	Sebelum dan selepas Peperiksaan Akhir	Peringkat awal pembangunan program dan semakan semula program	Semasa peperiksaan akhir/peperiksaan klinikal/peperiksaan profesional dijalankan	Sebelum, semasa dan selepas *viva voce*
Kekerapan Pelantikan	**Program Pengajian Baharu/ Mantap** Sekurang-kurangnya tiga (3) tahun sekali semasa program sedang berjalan. **Program Pengajian Bertaraf Profesional/ Ikhtisas** - Setiap tahun	-	- Setiap tahun	-

PERKARA	Penilai Luar Program	Penasihat Luar	Pemeriksa Luar Klinikal	Pemeriksa Luar Tesis
	- untuk program kejuruteraan dikurangkan daripada setiap tahun kepada dua (2) kali dalam tempoh lima (5) tahun. Namun, bagi program kejuruteraan yang memerlukan laporan Pemeriksa Luar dengan lebih kerap boleh meneruskan dasar sedia ada.			
Tempoh Lawatan	Tempoh lawatan Penilai Luar Program minimum 1 hari dan maksimum 2 hari.	Tempoh lawatan Penasihat Luar Program minimum 1 hari dan maksimum 2 hari.	Tempoh lawatan Pemeriksa Luar Klinikal tertakluk kepada tempoh peperiksaan dijalankan.	-

LAMPIRAN B

PENILAI LUAR PROGRAM
PROGRAM EXTERNAL ASSESSOR

BAHAGIAN A: **PART A:**	
1. Nama: Name:	Chia Chin Hua
2. Jawatan (Prof./Prof. Madya./Dr.): Designation (Prof./ Assoc Prof./Dr.):	Prof. Ts. Dr.
3. Tarikh Lahir : Birth of Date:	11th December 1979
4. No. Kad Pengenalan/ No. Passport: Identity Card No./ Passport No.:	791211-10-5309
5. Warganegara: Nationality	Malaysia
6. Maklumat untuk dihubungi: Contact information:	Alamat: Materials Science Program Department of Applied Physics Faculty of Science and Technology Universiti Kebangsaan Malaysia 43600 Bangi, Selangor, Malaysia
	No. Telefon: 603 8921 5473 (Office)
	No. Telefon Bimbit: 6012 3986 933
	E-mel:chia@ukm.edu.my/ chiachinhua@yahoo.com
7. Kelayakan Akademik : Academic Background:	PhD (Materials Science) 2005-2008 Universiti Kebangsaan Malaysia B. Sc. (Hons) Materials Science First Class (3.75) 2000-2003 Universiti Kebangsaan Malaysia
8. Pengalaman Kerja : Work Experience:	1) Universiti Kebangsaan Malaysia (UKM) Position Title: Professor Duration: February 2021 – Present 2) Universiti Kebangsaan Malaysia (UKM) Position Title: Associate Professor Duration: August 2013 – February 2021 3) Universiti Kebangsaan Malaysia (UKM) Position Title: Senior Lecturer Duration: April 2008 - August 2013 4) Universiti Kebangsaan Malaysia (UKM) Position Title: Post Doctorate Duration: December 2007 – April 2008 5) Universiti Kebangsaan Malaysia (UKM) Position Title: Research Assistance Duration: July 2007 – November 2007 6) Australian Pulp and Paper Institute, Chemical Engineering Department, Monash University, VIC, Australia Position Title: Visiting Researcher Duration: March 2007 - June 2007 7) Australian Pulp and Paper Institute, Chemical Department, Monash University, Australia Position Title: Visiting Researcher Duration: March 2006 - June 2006 8) ALPS Electric (M) SDN BHD, Nilai Industrial Estate, 71800 Nilai, Negeri Sembilan, Malaysia Position Title: Engineer Duration: April 2003 – February 2005

BAHAGIAN B:
PART B:

1. Kelayakan Profesional dan Kepakaran dalam bidang berkaitan.
   Professional Qualification and Specification in related area.

No.	Kelayakan Profesional dan Kepakaran Professional Qualifications	Jawatan Position	Tahun Year	Catatan Remarks
1	Institute of Materials, Malaysia (IMM)	Member	2012 to Present	
2	Malaysian Institute of Chemistry (IKM)	Member	2018 to Present	
3	Malaysian Solid State Science and Technology Society (MASS)	Member	(2010 to Present	

2. Kelayakan profesional/perlantikan/tanggungjawab dalam program akademik /bidang yang berkaitan.
   Professional qualification/appointment/responsibility in the academic programme/ relevant field.

No.	Kelayakan profesional/perlantikan/pengalaman Professional Qualification/Appointment /Responsibility	Badan Pelantikan Appointing Body	Tahun Year	Tahap Level	Catatan Remarks
1	-				

3. Pengalaman sebagai pemeriksa program akademik dan akreditasi yang berkaitan (Jika ada).
   Experience as an assessor in academic programmes and related accreditation (If any).

No.	Program Akademik/Akreditasi Academic programme/Accreditation	Tahun Year Year	Dalaman/Luaran Internal/External	Catatan Remark Remarks
1	Sarjana Sains (Sains Dan Teknologi Bahan) Fakultl Sains Gunaan, Universiti Teknologi Mara	2022	External	
2	Sarjana Fizik Bahan, Fakulti Sains, Universiti Putra Malaysia	2023-2024	External	

4. Pengetahuan / kemahiran dan/ atau pengalaman dalam bidang program yang ingin dinilai.
   Appropriate knowledge, skills and/or experience to the program to be evaluated.

Prof. Ts. Dr. Chia Chin Hua mempunyai pengalaman sebagai Penyelidik Jemputan di "Australian Pulp and Paper Institute, Chemical Department, Monash University, Australia" dari Mac – Jun 2006 kemudian di Australian Pulp and Paper Institute, Chemical Engineering Department, Monash University, VIC, Australia dari Mac – Jun 2007. Beliau mula berkhidmat di Universiti Kebangsaan Malaysia dari 2007 sebagai Penolong Penyelidik dan sehingga sekarang sebagai Professor. Beliau juga telah dianugerahkan beberapa Anugerah, Penghormatan dan Merit yang berkaitan dalam bidang sains dan bahan seperti di bawah:

No	Date	Type of Awards
1	Apr 2012	**Young Scientist Award 2012,** Universiti Kebangsaan Malaysia
2	Nov 2014	**Young Scientist Award** –*Malaysian Solid State Science and Technology Society* (MASS)
3	Aug 2016	**Bronze Medal** – National Intellectual Property Award (Patent)
4	Mac 2017	**The Distinguished Lectureship Award** - Chemical Society of Japan (CSJ), Asian International Symposium

5	Oct 2023	**Top Research Scientist Malaysia (TRSM)** – Academy Science of Malaysia (ASM)

Pengalaman beliau menyelia pelajar siswazah Sarjana dan Kedoktoran juga mempamerkan kepakaran beliau dalam bidang.

Program	Status	As a Chairman (Main Supervisor)	As a Member (Co-supervisor)
PhD	Graduated	12	14
	Ongoing	2	5
Masters (Thesis)	Graduated	8	11
	Ongoing	2	7

Prof Chia juga mempamerkan keabsahan keilmuannya apabila dilantik sebagai pemeriksa luar pelajar Sarjana dan Kedoktoran.

Program	Internal Examiner	External Examiner
Ph.D.	12	10
Master	15	18

Kepakaran beliau dalam bidang bahan biosumber dan polimer turut terbukti apabila menjadi Ketua Projek bagi geran-geran dalaman, Kebangsaan, Antarabangsa dan Industri.

No	Title	Status	Funding
1	Novel magnetic properties of graphene oxide	Completed Start: December 2010 (2 years) **Project leader**	RM68,300 Fundamental Research Grant Scheme (FRGS)
2	Surface Modified Superparamagnetic Iron Oxide Nanoparticles (SPIONs) Conjugated Cisplatin with Thermoresponsive Polymer as Magnetic Anticancer Drug Delivery Vehicle	Completed Start: September 2011 (1 year) **Project leader**	Research University Fund, UKM RM 30,000
3	Application of biomimetic nanocatalyst in the hydrolysis of palm kernel cake (PKC) for the production of mannose and oligomannan	In progress Start: June 2012 (3 years) **Project leader**	Exploratory Research Grant Scheme (ERGS) RM 94,000
4	Kinetics and mechanism of acid hydrolysis of oil palm empty fruit bunch fibres into levulinic acid	Completed Start Dec 2013 – Nov 2015 **Project leader**	Fundamental Research Grant Scheme (FRGS) RM 109,700
5	Utilization of liquefied green phenolic resin in green composites of front and rear of coach body parts	Aug 2013 – Jul 2015 **Project leader**	Knowledge Technology Transfer Funding RM 120,950
6	Decoration of silver nanoparticles on graphene and graphene oxide using a continuous flow microfluidic system	Aug 2014 – Jul 2016 **Project leader**	Primer Impact Fund, UKM RM 150,000
7	Graphene and graphene oxide reinforced gloves	1 Jul 2015 – 30 Jun 2018 **Project leader**	Ansell NP Sdn. Bhd. RM 127,000

8	Cellulose nanocomposite containing silver nanoparticles and graphene oxide for environmental remediation	1 Jan 2016 – 31 Dec 2017 **Project leader**	Primer Impact Fund, UKM RM 150,000
8	Study on continuous flow chemistry acid hydrolysis of oil palm empty fruit bunch fibres into levulinic acid	1 Aug 2016 – July 2018 **Project leader**	Fundamental Research Grant Scheme (FRGS) RM 102,000
9	Verification Survey with the Private Sector for Disseminating Japanese Technologies for Wastewater Treatment System utilizing the Natural Mineral Limonite and Kenaf	1/6/2016 – 31/5/2019 **Project Leader**	Japan Limonite Co. Ltd., Japan RM 650,000
10	Production of Metallic Conducting Nanowires for Industrial Applications	16/10/2017 – 15/10/2019 **Project leader**	Research University Fund, UKMRM70,000
11	Graphene oxide aerogel nanocomposites as cathode in electro-Fenton oxidation for wastewater treatment	1/9/2019 – 31/8/2021 **Project leader**	Fundamental Research Grant Scheme (FRGS) RM 73,200
12	Three-dimensional Hierarchical and Multifunctional Porous Nanocomposite Frameworks for Advanced Applications	1/10/2019 – 30/9/2021 **Project leader**	Primer Impact Fund, UKM RM 100,000
13	A mechanistic study on the adsorption of ionic species onto chitosan beads encapsulated ionic polyelectrolytes for water treatment	1/11/2020 – 31/1/2023 **Project Leader**	Fundamental Research Grant Scheme (FRGS) RM82,738
14	SDGs Business Model Formulation Survey with the Private sector for Recyclable Desulfurization System Utilizing the Natural Mineral Aso Limonite in Malaysia	1/9/2022 – 31/3/2023 **Project Leader**	Japan Limonite Co. Ltd., Japan RM 92,000
15	Synthesis of Copper Oxide Nanoparticles (CuONPs) using Cetyltrimethylammonium Bromide (CTAB) as Surfactant for Antibacterial Applications	1/10/2023 – 30/9/2025 **Project Leader**	Research University Fund, UKMRM70,000

Prof Chia juga telah mempatenkan produk berkaitan dengan bidang bahan biosumber dan polimer.

1. A method to produce silver nanomaterials using continuous segmented flow approach - MY-192894-A - Patent Granted (2017)
2. Phenolic Resin Based Fibre - MY-186663-A - Patented Granted (2021)
3. A bio-phenolic elastomer composite - MY-160958-A - Patent Granted (2017)
4. A method for preparing a cellulose based material - WO2015142159A1 - Patented Granted (2015)
5. Biological membrane and hydrogel via carbamate process – WO2017023161A3 (2017)
6. A superabsorbent based polymeric material – MY-178366-A – Patent Granted (2017)

Penerbitan Prof Chia dalam bidang dalam bentuk buku, bab dalam buku, artikel dalam jurnal turut menunjukkan kepakaran beliau dalam bidang bahan biosumber dan polimer.

Jika YA, sila isytiharkan. *If YES, please declare*

Justification Prof. Ts. Dr. Chia Chin Hua:

Research experience

1. He has more than 19 years' research experience o Visiting Researcher at Australian Pulp and Paper Institute, Chemical Engineering Department, Monash University, VIC, Australia
2. Research Assistant, Post Doctorate, Senior Lecturer, Associate Professor and Professor at Universiti Kebangsaan Malaysia (UKM) o He was awarded distinguished awards from Academy Science of Malaysia (ASM), Chemical Society of Japan (CSJ), Asian International Symposium, Malaysian Solid State Science and Technology Society (MASS), and Universiti Kebangsaan Malaysia
3. In terms of research, his H-index is 44 which considered as exceptional for his contribution in scholarly output and performance.
4. He has supervised as Main Supervisor for 20 PhD and 10 MSc students, where 12 PhD and 8 MSc students have graduated.
5. He is also a co-supervisor for more than 19 PhD and more than 18 MSc students.
6. He had won various prestigious local and international award for his academic and research excellence.
7. He has lead 15 research grants related to material (bioreosurces and polymers) amounting to more than RM2 million of funding.
8. He patented 6 products related to material (bioreosurces and polymers) o He is also an experienced External Accessor for programs offered in UiTM and UPM
9. Referring to his outstanding achievement listed in his CV and also his research experience, the BRTech members agreed to appoint him as external assessor to review our programs:
    a. MSc Polymer Technology and
    b. MSc Bioresource, Paper and Coatings

Justification Prof Wan Aida Wan Mustapha

1. **Academic experience**
   - She has more than 25 years' experience in lecturing and laboratory teaching in undergraduate and postgraduate levels
     - Food Chemistry
     - Laboratory Food Chemistry
     - Advanced Food Chemistry
     - Food Analysis
     - Laboratory Food Analysis
     - Biotechnology
     - Food Ingredients

   - She had served in several administrative posts.
     - Postgraduate Coordinator for Food Science Program (October 2006 – May 2007)
     - Head, Food Science Program (Jun 2007 – Jun 2010)
     - Editor, Sains Malaysiana Journal (July 2011 – Dec 2021)
     - Head, Food Science Program (July 2013 – Jun 2014)
     - Chairman, School of Chemical Sciences and Food Technology (July 2014 – Mac 2018)
     - Deputy Dean (Undergraduates), Faculty of Science and Technology (August 2018 – July 2023)

   - She had won various prestigious local and international awards for her academic, research excellence and innovation awards.
     - 1st Consolation Award, The Crown Prince CIPTA Award 2023, ASEAN Category. Invention and Innovation Category, Universiti Teknologi Brunei (UTB).
     - DISTINGUISHED WOMAN IN SCIENCE' (Major Area of Study - Food Science). The 5th Venus International Women Awards - VIWA 2020
     - Gold Award (Category Agriculture & Aquaculture), PECIPTA 2017
     - Silver Medal. Category: Invention & Innovation Awards, Malaysia Technology Expo (MTE) 2016.
     - Bronze Medal, The 4th Exposition on Islamic Innovation 2013 (iInova'13).
     - Bronze Medal, 23rd International Invention, Innovation & Technology Exhibition ITEX 2012
     - Excellence Service Award, UKM (2021, 2014, 2011, 2009, 2003)
     - Top Indexed Journals Award, UKM (2020)

   - She has taught more than 250 credit hours since 2001 including teaching abroad, thus she has wide experience and understanding of quality assurance in Food Technology curriculum structure in local and international universities. Additionally, she also has outstanding experience as external assessor for various local universities.

   - In terms of research, her H-index is 32 for her contribution in scholarly output and performance.

   - She has been appointment as Internal and External examiners for 22 PhD and 72 MSc students.

   - She has supervised as Main Supervisor for 17 PhD and 14 MSc students, where 13 PhD and 13 MSc students have graduated.

- She is also a co-supervisor for more than 10 PhD and more than 15 MSc students.

- Referring to her outstanding achievement listed in her CV and also her teaching and research experience, the FTD members agreed to appoint her as academic external assessor for postgraduate study to review our current curriculum structure for further improvement.

   Prof Ling has served as a visiting professor for several universities including Nanjing Agricultural University, Tsinghua University, Xiamen University, Lund University, National Cheng Kung University, Canterbury University and Kobe University. Prof Ling's expertise is in bioseparation technology and bioprocess intensification. He is internationally recognised for innovative work on the development of new and/or improved bioprocess separation and analytical techniques. He is especially well known for his work on primary capture technology, notably for inventing the technique known as aqueous two-phase systems and continuing the advancement of this and other separation techniques for large-scale application in the biopharmaceutical and nutriceutical sectors, and for his contributions to the advancement of adsorbent design and Fluidised Bed Adsorption technology. His current research mainly focuses on bioseparation, bioprocessing, green chemistry, and bioprospecting of microorganisms for useful biomolecules

Bioprocess Technology

Justification for Prof. Dr. Ling Tau Chuan

Professor Dr. Ling Tau Chuan is an esteemed academician at the Institute of Biological Sciences, Faculty of Sciences, Universiti Malaya. He has made significant contributions to the fields of bioprocess engineering and bioseparation technology, earning international recognition for his innovative research endeavors.

He is a Fellow of the Institution of Chemical Engineers and a Chartered Engineer, reflecting his professional standing in the field. His research impact is further evidenced by his inclusion in the UM Researchers Top 2% Scientists list by Stanford University. In 2017, he was honored with the Young Asian Biotechnologist Prize by The Society for Biotechnology, Japan, a testament to his outstanding achievements in biotechnology.

Prof Ling's expertise lies in bioseparation technology and bioprocess intensification, areas where he has made substantial advancements. He is renowned for his innovative work in developing new and improved bioprocess separation and analytical techniques. Notably, he is credited with inventing the aqueous two-phase systems technique, which has found widespread application in the biopharmaceutical and nutraceutical sectors. Additionally, his contributions to adsorbent design and Fluidized Bed Adsorption technology have significantly impacted the field of bioprocessing.

In addition to his research activities, Tau Chuan has served as a visiting professor at several prestigious universities worldwide, including Nanjing Agricultural University, Tsinghua University, Lund University, and Kobe University. His international collaborations further enhance his impact and reputation in the academic community, facilitating knowledge exchange and collaboration on a global scale.

In addition to his distinguished academic and research contributions, Prof Ling has also served as a Program External Assessor for several esteemed academic programs in the fields of Biotechnology and Food Engineering.

- Program External Assessor (Biotechnology) - UPM
- Program External Assessor (Master of Biotechnology) - UTM
- Program External Assessor (Master of Food Engieering) – Monash University Malaysia

His involvement in these capacities reflects his commitment to enhancing the quality and standards of higher education and academic programs.

Justification for the Appointment of Prof. Ts. Dr. Ahmad Naim Ahmad Yahaya as the External Assessor for the Master of Science (Environmental Technology) Program

Extensive Academic Background: Prof. Ahmad Naim has a comprehensive academic history, including a PhD in Chemical and Biological Engineering from the University of Sheffield, UK, showcasing his expertise in the field.

Research Expertise: His research interests are relevant to the program's and span critical areas such as biomass utilization, water and wastewater treatment, and renewable energy sources, indicating a strong foundation for evaluating and contributing to academic programs in these domains.

Professional Qualifications and Memberships: He is the current dean of the Institute of Postgraduate Studies of Universiti Kuala Lumpur. He holds numerous professional qualifications and is a member of esteemed organizations, including the Engineering Technology Accreditation Council and the National Standard Committee in Environmental Management, demonstrating his recognition, and standing in the engineering and technology communities.

Significant Administrative Experience: Prof. Ahmad Naim's roles as Dean of the Institute of Postgraduate Studies at Universiti Kuala Lumpur and other leadership positions highlight his capability in managing and overseeing academic programs and institutions.

International Collaboration and Supervision: His involvement in international collaborations and supervision of postdoctoral researchers, PhD, and Master's students showcases his ability to guide and mentor researchers, crucial for an external assessor's role in fostering academic excellence.

Contributions to Curriculum Development: His experience in developing academic programs, such as the Bachelor of Chemical Engineering Technology (Environment), indicates his competence in evaluating and contributing to curriculum development.

Research Funding and Publications: Prof. Ahmad Naim has successfully secured research grants and published extensively in high-impact journals, evidencing his ability to contribute to the academic and research quality of the program he assesses.

Professional Development and Training: His involvement in various seminars, workshops, and training programs as both participant and organizer demonstrates his commitment to continual learning and contribution to the academic

Justification for Prof. Denny Kok Sum Ng

Prof. Denny Kok Sum Ng possesses an extensive and distinguished background in academia, research, and leadership roles, making him an ideal candidate for the external evaluator position for the PhD program at the School of Industrial Technology. Here are some justifications based on his CV:

1. Academic and Research Expertise: Prof. Ng holds a Doctor of Philosophy (PhD) in Chemical Engineering and has a strong foundation in areas such as circular economy, sustainable value chain, biomass processing, and energy planning. His expertise in these fields aligns closely with the interdisciplinary nature of the industrial technology domain.
2. Administrative Experience: Prof. Ng has held various administrative positions, including Dean, Head of School, Executive Director, and Founding Director, demonstrating his ability to oversee academic programs, manage research projects, and lead strategic initiatives. His experience in managing research centers and industry collaborations adds valuable insights to evaluating the PhD program's effectiveness in fostering research collaborations and industry relevance.
3. Leadership in Professional Organizations: Prof. Ng has been actively involved in professional organizations and committees related to science policy, research synergy, and innovation. His leadership roles in organizations such as the YSN-ASM and various science policy working groups highlight his commitment to advancing research and education agendas, which can contribute to evaluating the PhD program's alignment with national and international research priorities.
4. Consultant Experience: Prof. Ng's consultancy experience with industries ranging from biofuel and pharmaceuticals to oil and gas demonstrates his practical knowledge and understanding of industry needs and challenges. This experience can provide valuable perspectives on assessing the PhD program's relevance to industry demands and its potential for producing graduates with practical skills and knowledge.
5. Recognition and Awards: Prof. Ng has received numerous awards and recognitions for his contributions to research, innovation, and academic excellence. His inclusion in the Top 2% of scientists in his field, as well as prestigious awards such as the IChemE Global Young Chemical Engineer of the Year, reflects his outstanding achievements and expertise, which can enhance the credibility of his evaluation of the PhD program.

In summary, Prof. Denny Kok Sum Ng's academic qualifications, administrative experience, leadership roles, industry engagement, and accolades make him exceptionally well-suited to serve as an external evaluator for the PhD program at the School of Industrial Technology. His diverse expertise and insights can provide valuable feedback and recommendations for enhancing the program's quality, relevance, and impact.
